

K-Love serves our families in several ways. We listen to the music 24-7. It is clean and pure music and we don't have to worry about turning the channel so our children don't hear inappropriate comments. K-love has sponsored many events on the military base and surrounding areas. The service provided by K-love is listened to by many military personnel in the states, the Christian music keeps the troops calm and gives us all hope. My family has K-love on in the house 24-7 and my son who had nightmares now listens to the station all night while he sleeps and sleeps in peace. Please keep K-love on the FM translator service, do not change it. It is vital to many people in our area and to the military. Thank you and God Bless
